Subject Gulfco FOIA 0724

I have heard you are having a Gulfco call today. I wanted to let you know that I am in the last stages of reviewing the final documents for FOIA 724. There will be additional documents released (which need to be scanned) and a denial list. I expect that my review will be done by the Dec. 21st, and all the documents will be imaged by January 15th. Then the letter will be placed into concurrence and will be sent by January 31st. This is the timeline I have in my head. It does not leave room for glitches that may occur. If they request a date, please tell them it will be my Valentine's day present to them. They will have it by February 16th.

Good luck with the call. Hope this helps.

Thanks,
Courtney

1. EPA's Decision to Name the Following as PRPs based on Documentation Previously Submitted to EPA

Dixie Carriers; Dixie Linehaul

1-16-04 email to Janice
104e 11-20-03
Leevac-- Leevac's counsel asked EPA to furnish him with information or documents from Gulfco's records relating to transactions with Leevac so that he could attempt to contact former employees to determine their knowledge of any transactions with Gulfco. Has EPA provided the requested documentation to Leevac? If not, when does EPA plan to do so?

Samedan; and TPT Transportation

2. Follow-up on Kirby Corporation 104(e) Response

- Supplements
In its January 6, 2004 104(e) Response, Kirby Corporation stated that it had "located records associated with Hercules Marine Services Corporation ("Hercules") indicating one or more of our subsidiaries did utilize Hercules for barge cleaning services between 1994 and 1998," and said it is attempting to locate copies of Hercules invoices.

doesn't look like it
Has EPA followed-up on this response? If not, when will EPA do so?

3. Correction to 104(e) Information Request to Parker Drilling

In Question No. 4 of EPA's information request to Parker Drilling, EPA asked about Parker Drilling's business relationship with parties involved at another site and not the Hercules entities at the Gulfco Site. 

Will EPA submit a corrected question to Parker Drilling? When?

4. Status of Casale Documents

When will we start receiving the documents that EPA has already reviewed? We have a FOIA outstanding?

Subject Action items from last call

**CONFIDENTIAL SETTLEMENT COMMUNICATION
SUBJECT TO FED. R. EVID. 408**

Hi Barbara. I hope all is going well. As discussed on our last call on September 27th, the following is a list of the Freedom of Information Act requests we have submitted and the status of each:

6-RIN-0029-05 -- EPA's Final Response received;

6-RIN-0797-05 -- EPA's Final Response received;

6-RIN-00727-04 -- EPA's Final Response received; Appeal filed regarding withheld Parker Drilling documents;

6-RIN-00724-04 -- Partial Response Only--still awaiting final EPA response; *Courtney Stillman*

6-RIN-00093-06 -- We have received a response from Gary Miller, but have not received a final response from EPA; and ~~status has been closed~~, *12/13/05*.

6-RIN-00008-07 -- EPA requested until November 15, 2006 to reply. *Jan 3, '07. extended*

I have attached a copy of request 6-RIN-00093-06 and a copy of EPA's response to date for your information. You said that you would check with Gary Miller about whether EPA has any new responsive documents since the date of EPA's response on December 13, 2005.

With regard to request 6-RIN-00008-07 for the Casale documents, Barbara Aldridge mentioned that it might be possible for us to obtain documents as she completes her review of them without waiting until all of the documents have been reviewed. Can you provide to us now any documents for which your review

*✓ on who does
extension etc.*

has been completed?

Lastly, we talked about scheduling another call in mid-November. What is your group's availability for the week of November 13th?

I think this covers most of the action items we discussed. Please advise, if I have missed something. Thank you for all of your help on these issues.

Best regards, Liz

This is legit request for complex handling. Please give us a date for 6-wks. Remember we've got holiday both Nov and Dec. Probably an earlier Jan date would be possible.

Ida,

We will need an additional 6 weeks because of the complexity of this FOIA request. The files EPA obtained were not organized and require recreation of the original structure and redaction prior to releasing them.

got it. thanks. We cannot extend more than once, but I will attempt to get a new target date in-house but the requester will need to be notified if we quoted an expected date of receipt for the information. What kind of timeframe is needed?
